

Goura Chattannavar, MD
LV Prasad Eye Institute, Hyderabad, India
drgourachattannavar@lvpei.org
ORCID*: # 0000-0001-7825-4834
Scopus Author ID*: # (if present)
Research Topics*: Ocular Genetics, Pediatric Cataract

Dr Goura Chattannavar completed her basic medical education from Bangalore Medical College and Research Institute, Bangalore, followed by residency training in ophthalmology from LVPEI. During her long-term clinical fellowship in strabismus, pediatric and neuro-ophthalmology at LVPEI, she acquired clinical and surgical skills in managing children with cataract, refractive error, amblyopia, strabismus, and neuro-ophthalmology conditions. She completed her long-term fellowship in ocular genetics at the University of Rochester Medical Centre, New York, where she acquired clinical skills in evaluating ocular genetic disorders and their management. She has several publications to her name in peer-reviewed journals and has a keen interest in clinical research in pediatric cataracts and ocular genetics.
