

Angela M. Chen, OD, MS
Southern California College of Optometry at Marshall B. Ketchum University
angelachen@ketchum.edu
ORCID: 0000-0002-1227-5672
Research Topics: strabismus, amblyopia, childhood refractive error, myopia management, binocular vision disorders

Angela Chen is Professor at the Southern California College of Optometry (SCCO) at Marshall B. Ketchum University, where she teaches the diagnosis and management of strabismus and amblyopia and provides clinical instruction in pediatric optometry and vision therapy. Dr. Chen earned her Doctor of Optometry and Master of Science in Vision Science degrees from the State University of New York College of Optometry and completed a residency in Pediatric Optometry and Vision Therapy at SCCO. She is a Fellow of the American Academy of Optometry and a Diplomate in the Binocular Vision, Perception, and Pediatric Optometry Section. Her research focuses on childhood refractive error, strabismus, amblyopia, and binocular vision disorders, and she serves as a clinical investigator on multiple National Eye Institute–supported clinical trials, including those conducted by the Pediatric Eye Disease Investigator Group (PEDIG) and the Convergence Insufficiency Treatment Trial–Attention and Reading Trial (CITT-ART).
