

Jitendra N Jethani, MS, DO, DNB, FNB, FAICO
Baroda Children Eyecare, Vadodara, Gujarat, India
xethani@rediffmail.com
ORCID: 0000-0003-3133-8306
Research Topics: Strabismus, Amblyopia, Refractive Errors, Pediatric Cataract, Myopia

Dr. Jethani is a pediatric ophthalmologist and strabismus specialist with over two decades of experience managing a large spectrum of childhood eye disorders. He serves as Director of Pediatric Ophthalmology at Baroda Children Eyecare and Squint Clinic which he founded to create a dedicated, child-centered model of ophthalmic care. In this position he also advocates for greater awareness and provides structured training in pediatric ophthalmology across India. His clinical and academic work spans pediatric ophthalmology, strabismus, myopia and ROP. Dr. Jethani has 96 tracking publications listed on ResearchGate and over 70 peer-reviewed publications. He is section Editor for Pediatric Ophthalmology, Indian Journal of Ophthalmology, Ex President, Baroda Ophthalmic Society and Ex Chairman, Scientific Committee All Gujarat Ophthalmological Society.
