Research Topics: Glaucoma, Cornea, Cataracts

Christiane Rolim de Moura, MD, PhD, is a board-certified ophthalmologist specializing in pediatric glaucoma and glaucoma surgery. She earned her medical degree from the Santa Casa de São Paulo School of Medical Sciences, completed her ophthalmology residency at UNIFESP, and obtained her MSc, PhD, and postdoctoral training in Ophthalmology at UNIFESP. She previously led the Pediatric Glaucoma Unit at UNIFESP and served as an Affiliated Professor in the Department of Ophthalmology. Her clinical and research interests include pediatric glaucoma, congenital glaucoma, glaucoma surgery, and childhood eye diseases. Dr. Rolim de Moura currently serves as President of the Brazilian Society of Pediatric Ophthalmology (SBOP), after previously serving as Treasurer and Vice President.
