Prof. Kanwal “Ken” K. Nischal is a pediatric ophthalmologist, surgeon-scientist, and academic leader based at UPMC Children’s Hospital of Pittsburgh and the University of Pittsburgh. Trained in Windsor and Oxford, UK with a Fellowship at SickKids, Toronto, Canada, he was clinical director at Great Ormond Street Hospital for Children UK when he was recruited to the University of Pittsburgh in 2011.He serves as Division Chief of Pediatric Ophthalmology, Executive Vice Chair of Ophthalmology, and Medical Director for Digital Health. His clinical and research interests encompass pediatric cornea, cataract, glaucoma, ocular genetics, rare eye disease, and myopia. Internationally recognized for his expertise in complex pediatric anterior segment disorders and congenital corneal opacities, he has authored numerous peer-reviewed publications, and book chapters. He is Co-Founder and Co-Executive Officer of the World Society of Paediatric Ophthalmology and Strabismus (WSPOS), where he promotes global collaboration, education, and equitable access to pediatric eye care worldwide.
