Myopia, Amblyopia, Binocular Vision

Dr. Aaron Salzano is an Assistant Professor and Chief of Vision Therapy and Pediatrics at Pacific University College of Optometry. A graduate of Pacific University College of Optometry, he completed a residency in Pediatric Optometry and Vision Therapy at Marshall B Ketchum University (SCCO), and continues to work part time in private practice pediatrics and vision therapy in addition to his academic responsibilities. He is involved in clinical trials for myopia control, is a member of the Pediatric Eye Disease Investigator Group (PEDIG), and is a Fellow in the American Academy of Optometry (FAAO) and the Optometric Vision Development and Rehabilitation Association (FOVDR).
