Dr. Shailja Tibrewal is a Senior Consultant in Pediatric Ophthalmology, Strabismus, Neuro-ophthalmology, and Ocular Genetics at Dr. Shroff's Charity Eye Hospital, New Delhi. After fellowship in Pediatric Ophthalmology, Strabismus, and Neuro-ophthalmology at L.V. Prasad Eye Institute, Hyderabad and advanced training in Human Genetics and Genomics at the NEI, NIH, USA she established one of North India's first dedicated ocular genetics clinics and subsequently founded the Department of Ocular Genetics. She has been an integral part of the development of Centre for Unknown and Rare Eye Disorders, contributing to its vision of advancing multidisciplinary clinical care, research, and education in rare eye diseases. Her research interests include ocular genetics, complex strabismus, pediatric lenticular disorders, and developmental eye diseases. She is the Secretary General of the Global Eye Genetics Consortium and has secured several competitive national and international research grants in pediatric ophthalmology and ocular genetics.
